Top Features:

FlexSpace™ tines

This convenient new feature lets you fold back every other tine in one simple step, so it's easier to fit your largest, bulkiest items. Available on lower racks in 300 Series models and up, it helps to hold pots and pans upright, leaving more room for your other dishes.

RackMatic® adjustable rack

This remarkable middle rack easily raises or lowers in just one step, even when full. Designed to allow taller items like stemware to fit in the middle rack while leaving room for pots and pans below, it offers three different heights and up to nine separate rack positions.

EasyGlide™ rack system

For a level of quality you can both touch and feel, we've incorporated smooth-rolling ball bearings to our rack wheels. The result is a smoother glide that opens effortlessly—even with a fully loaded rack—for a more premium feel with every pull.

Rack-mounted detergent tray

Optimized for tablets, our detergent tray holds tabs in place for a dedicated spray jet to directly dissolve them completely. This not only results in a deeper clean, it also helps to reduce unwanted noise since there's no water jet spraying the inner door. (Dishwasher also works with powder and gel.)

Sensor wash system

This state-of-the-art system uses an advanced scanning-eye sensor to literally look at the level of soil in the wash water, and adjusts both the water temperature and length of the wash cycle to eliminate redeposits. It can also determine if a secondary, fresh water fill is necessary, deleting the cycle whenever appropriate to save water and energy.

Bosch dishwasher collection features 3rd racks across all 300, 500, 800 Series models, adding 30% more loading area without sacrificing it elsewhere.

MyWay™ rack

MyWay™ offers more room for more kinds of items in the top rack, such as cereal bowls, whisks, tongs and large measuring cups, creating more freedom in loading below. Available on all 800 Series Premium models.

Flexible 3rd rack

Expandable wings easily lower to accommodate more of your deeper items, while adjustable tines let you customize the rack's loading space to fit awkward or bulky utensils. Available on all 500 and 800 Series models.

Standard 3rd rack

Provides the perfect space for flatware, large utensils, measuring cups, or nearly anything else that's difficult to fit in a traditional dishwasher, while its V shape leaves room below both sides for taller items like stemware in the middle rack. Available on all 300 Series models.
