

The 800 Series induction cooktop is sleek in design.
 Bosch cooktops deliver perfect results with minimal effort
 and combine simplicity with intuitive usability.

SPEEDBOOST®

- Increases element power to 150% for up to 10 minutes
- Boost 2 pans at once –
- *Bring liquids to a boil quickly.*

HOOD CONTROL

- Control a HomeConnect® hood from the cooktop’s control panel
- Set the hood to automatically turn on when cooktop elements are activated
- *No more reaching up high or cleaning fingerprints off a stainless steel hood.*

AUTOCHEF®

- Monitors & regulates pan temperature when engaged
- Five temperature settings to select from:
 very low | low | med-low | med-high | high
- *Maintains the perfect amount of heat while cooking to deliver consistent results time & time again!*

How does induction work?

- 1) An alternating current in an induction coil produces a magnetic field.
- 2) This magnetic field reacts with the cooking vessel.
- 3) This concentrated magnetic energy in the cooking vessel causes the pot/pan to heat up and start cooking instantly.
- 4) When the vessel is removed from the cooking zone, the induction zone automatically shuts off.
