

# 500 & 800 Series Refrigeration

— Home Connect<sup>®</sup> —

## VitaFreshPro<sup>®</sup> Customization

Don't just control the refrigerator & freezer temperatures remotely, customize temperature and humidity levels with precision in the 800 Series' VitaFreshPro<sup>®</sup> drawer(s).

## Notifications & Reminders

Easily set up door ajar notifications for peace of mind and get water filter replacement reminders on your phone so you're always prepared.

## Remote Diagnostics

If a problem ever occurs, save time by having the Bosch customer service team run remote diagnostics on the refrigerator for convenience.

- **Lighting**

Adjust the brightness so you're not blinded when you reach for a midnight snack

- **SuperCool & SuperFreeze<sup>®</sup>**

These modes perform best when engaged in advance, but everyone forgets until they're at the store—now that's no longer a problem, just turn on from the Home Connect<sup>™</sup> app

- **Remote Monitoring**

Check the temperature while away, even set to Eco mode

# 500 Series Refrigeration

— QuickIcePro System™ —

## Industry's Fastest\*

Twice the ice compared to most external dispenser FDBMs.

## 3 Technologies

For freshly filtered water and ice straight from the refrigerator.

## 1 Fastest Refrigerator Ice Maker

Rapid ice replenishment that produces up to **12lbs** of ice per day—*enough for 40 glasses!*

## 2 UltraClarityPro® Water Filter

Reduces **>99.9%** of sediments that may be found in water, including harsh elements like chlorine, chloramine & heavy metals.

## 3 BottleFill Technology

Fill a glass or bottle once, press **BottleFill** to save the quantity, & enjoy a **hands-free** fill each time thereafter!

## Crescent Shaped Ice

Easily accessible from the external dispenser or...

...transfer to the freezer bin for maximum production & storage.

\*Based on single ice maker production rates during a 24-hour period, measured per IEC standard and manufacturer user's manuals for brands identified in the US and Canada TraQline as freestanding French door bottom mount refrigerators.

# 500 Series Refrigeration

## — Features —

### Streamlined Design

Offered in full depth or counter depth, both sizes have a streamlined look with hidden hinges and easily fit in many existing freestanding cutouts with their 70" overall height.

### Stainless Steel Back Wall

The stainless steel back not only looks beautiful, the high quality material also keeps the back of the refrigerator cold.

### VitaFreshPlus®

Two drawers provide ample storage and offer independent humidity controls creating the optimal environment for fruits and vegetables.

- **AirFresh® Filter**  
Absorbs odors and is designed to last the life of the unit
- **SuperCool & SuperFreeze®**  
Temporarily drops the fridge/freezer compartments to their lowest temperatures allowing for quicker chilling or freezing
- **Hidden Controls**  
Tucked away inside to avoid accidental changes
- **Wide Gallon Door Bins**  
Featured on both sets of doors for practical organization

- **MultiAirFlow™**  
Evenly circulates air from corner to corner to keep food fresh regardless of placement
