

Ventilation

Why is Ventilation Important?

While it should be one of the first appliances to think about, it's often times the last. Proper ventilation is critical for your kitchen for a number of reasons. Having good ventilation helps to remove the by-products from cooking such as heat, odor, grease, gas, steam and smoke.

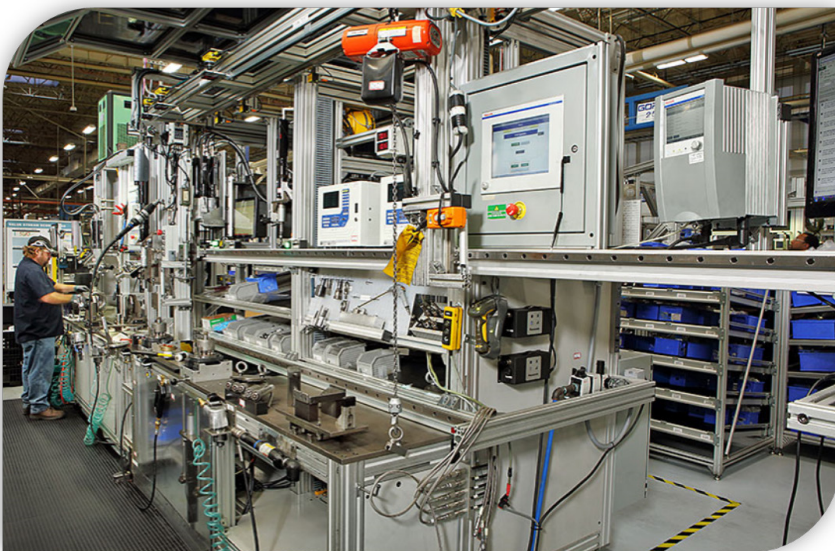

Ventilation might sound exhausting, but at Bosch we make it simple!

Pairing and Buying Guides

We test **ALL** of our Ventilation with **ALL** of cooking surfaces

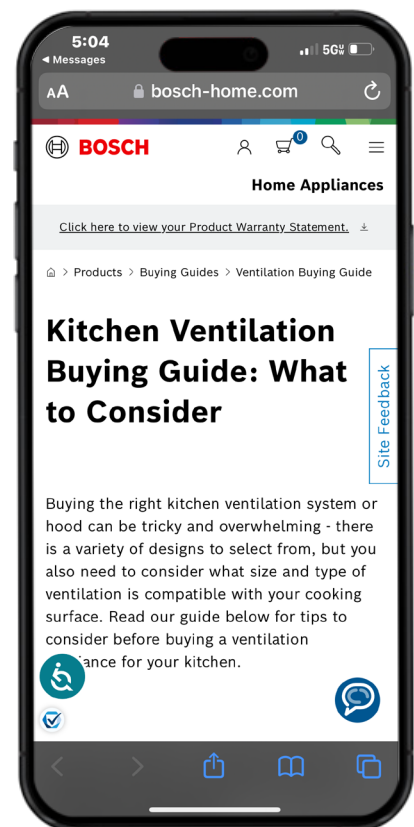

To ensure the **BEST** possible pairing

Removing the guess work for **YOU!**

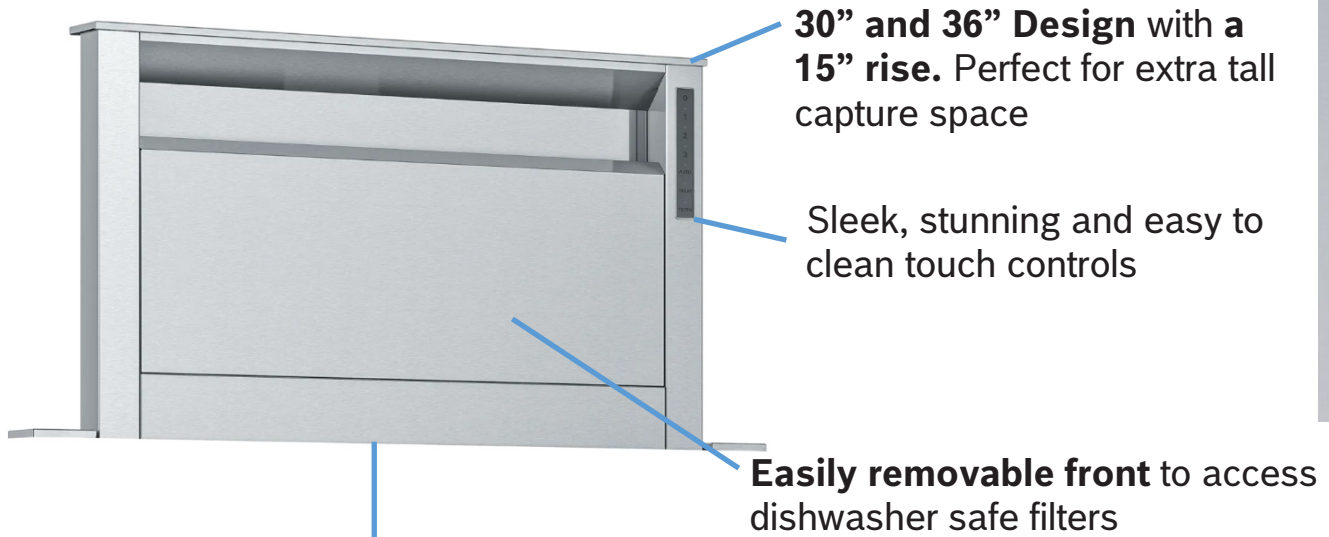

Above: An Inside Look of the BSH Ventilation Testing Center in LaFollette, TN

Right: Using Text4Specs, text “Vent” and get sent to Bosch’s Ventilation Buying Guide

Downdraft Ventilation

30" and 36" Design with a 15" rise. Perfect for extra tall capture space

Sleek, stunning and easy to clean touch controls

Easily removable front to access dishwasher safe filters

Pairs with **ALL** 30" and 36" Bosch gas, electric and induction cooktops **AND** Bosch Gas Rangetops!

Key Installation Reminders

Flexible Blower

Also referred to as an internal blower, **Bosch's flexible blower can be positioned 6 different ways** for a variety of installations

Inline/Remote Blower

Bosch also offers inline or remote blower for different venting options. **Remember to sell EXTNCB25W for a 25' cable** to connect the blower and hood together

Gas Cooktop Seal Kit

If you sell a Bosch gas cooktop, it is approved to do so. **PLEASE remember to sell the seal kit #HDD0/6RSP** as it is **REQUIRED** for installation

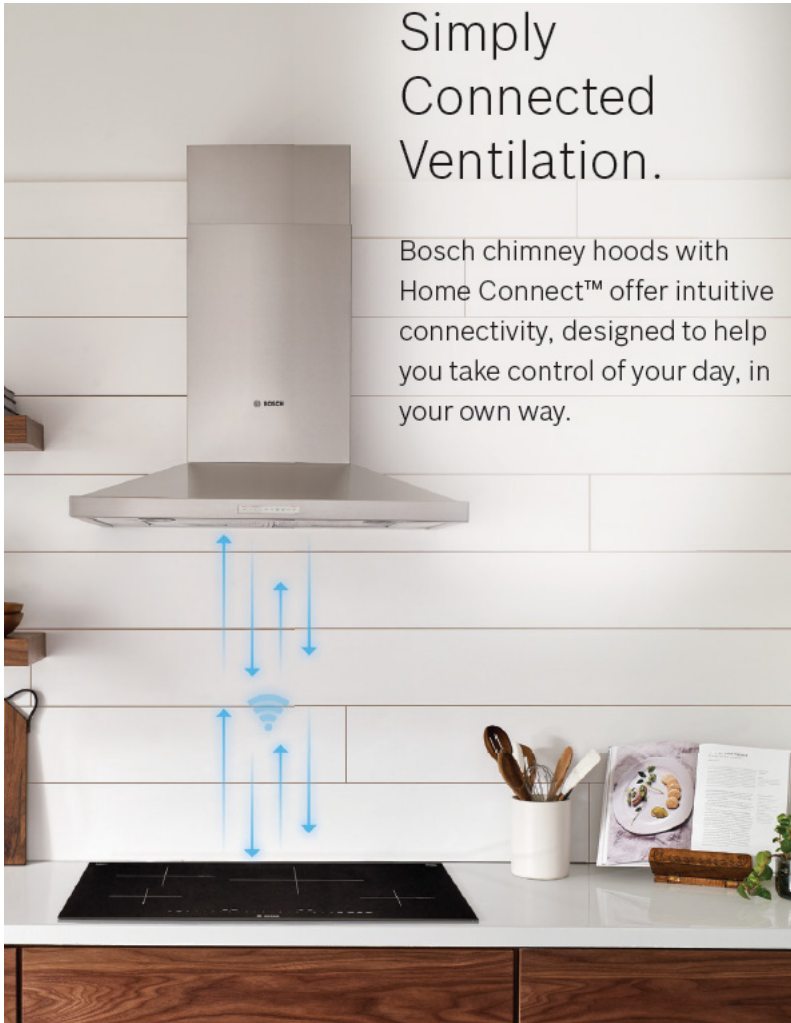

Recirculation

Downdrafts are approved with recirculation kits for electric/induction cooktops. They are **NOT APPROVED** for recirculation with gas cooktops. They **MUST** be vented.

Ventilation w/Home Connect®

Simply
Connected
Ventilation.

Bosch chimney hoods with Home Connect™ offer intuitive connectivity, designed to help you take control of your day, in your own way.

Cooktop Hood Sync

Never forget to turn on your hood again! This allows your hood to automatically turn on when your cooktop turns on.

Voice Control

Connect with Google or Alexa. Ask them to turn on/off the hood, turn on/off the lights and more for the convenience of a hands-free operation.

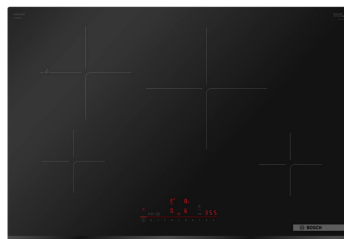

Custom Settings/Notifications

Get alerts when it's time to clean your filter or change your charcoal filter (for recirculating models). You can personalize settings like lighting, fan speeds and timers.

Enhanced Customer Support

On Home Connect® you can find your model and serial numbers already loaded. Get customer support with ultimate peace of mind.
