DID YOU KNOW?

With the Home Connect® App, Smart Cycle takes the guesswork out of cycle selection by quickly helping you identify and save the best program combination for your needs.

46 dBA - the quietest dishwasher brand in the U.S.*

A range of technologies makes Bosch the quietest dishwasher brand in the U.S.* with impressively low decibel levels.

Zone Wash with 3x more water power to tackle stuck on foods.

Enhance your cleaning routine with Zone Wash technology, designed to tackle and break down stubborn or burnt-on food residues. Experience effortless cleaning every time, thanks to its powerful Deep Clean cycle.

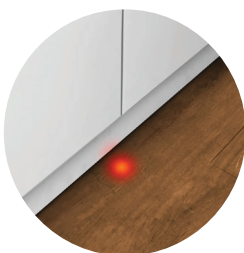

PureDry®

PureDry® is an energy efficient, closed drying system that does not pull in outside air and gently whisks moisture away from dishes as they cool.

Fit in tall items with RackMatic®

RackMatic® easily adjusts to three different heights and up to nine separate rack positions, allowing taller items like stemware to fit in the middle rack while leaving room for pots and pans below.

Know when your dishwasher is running with InfoLight®

Our dishwashers are so quiet, we provide an InfoLight® that projects a red light onto the floor (or a white light in the pocket handle on select models) to signal that a cycle is running.
